## HOW TO SUCCEED IN COLLEGE

Students, by definition, study. They also take tests, write papers, learn languages and do experiments. Being a student is a lot of work, but there are ways to make it easier on you. Below are a few techniques that can help you control the work, so the work doesn't control you.

### YES, YOU CAN WRITE

Writing is something you learn, just like anything else. Just like everything else, writing takes practice. Here are some steps to help you get started:

- Define your subject.
- Write down your thoughts quickly, as they come to you. Don't worry about organization at this point.
- Make an outline. Be sure to include an introduction and a conclusion.
- Write to your outline. Don't stop for editing.
- Revise and reorganize for style, completeness and continuity. Keep revising until you're happy with the result.
- Read your work out loud, preferably to someone.
- Proofread for grammar, punctuation and spelling.
- Turn it in. You're done!

### HOW TO STUDY FOR A TEST

The key to studying is managing review time. There are different kinds of reviews; added together they form a comprehensive study plan. If you review correctly, by the time the test comes up you'll already have studied. All that will be left to do is to take the test.

1. **Daily reviews.** Go over your notes from each class to keep the information fresh in your mind. Keep this review short, about 10 minutes.
2. **Weekly reviews.** Review your class notes for the week and any reading you've done. This review should take you about an hour per class.
3. **Major reviews.** Do a major review before a major exam (midterms and finals). Review all your notes and reading material with the aim of understanding the whole picture. Spend about two to five hours on a major review.

Review tools can be a big help. Make checklists and flash cards to help you remember facts. You can also design tests for yourself. Reviewing builds knowledge. The result is comprehension rather than memorization, and comprehension is knowledge that lasts.

### GET THE MOST OUT OF NOW

Time is precious in college. You have only 16 weeks (fall or spring; eight weeks in sum-

mer) to complete a course. Obviously, planning is the key. Knowing when to study, where to study and how to study can save you a lot of time. Here are a few time-management techniques that can help you get the most out of now:

### ***When to Study***

- Study two hours for every hour you spend in class.
- Study difficult (or boring) subjects first.
- Avoid marathon study sessions.
- Study during the time of day you're most alert.
- Study while you're waiting in line, on the bus, etc.

### ***Where to Study***

- Establish a regular study area.
- Don't get too comfortable; avoid beds and other sleep-inducing places.
- Use the library; it's quiet, the chairs aren't too comfortable and the books you need are there.

### ***Controlling Distractions***

- Take breaks when your attention starts to wander.
- Make sure your living mates respect your study time.
- Avoid noise – the TV, radio, other people talking; they all distract you.
- Stay off the phone. Put on your phone on silent if you have one
- Learn to say “no.” Don't rearrange your study schedule unless it's really important.
- Hang a “Do Not Disturb” sign on your door.

### ***What to do when you get stuck***

- Break a big task up into small jobs.
- Don't beat your self-up. Frustration inhibits concentration.
- Don't do more than you have to, do what's appropriate.
- Pay attention to the time and don't waste it.

You nearly always have the energy to do one more problem or write one more line before you quit. That's one less thing you'll have to do when you start up again.

## **STUDY WITH PEOPLE**

Education often looks like competition, but actually it's more like cooperation. Studying with others allows an exchange of ideas. You learn something and they learn something—everyone wins.

### ***Guidelines for a study group:***

1. Test each other by asking questions.
2. Practice teaching each other.

- 
3. Compare notes.
  4. Brainstorm for 5 or 10 minutes at the beginning of each session.
  5. Make sure discussions and debates are open and free of preconceptions.
  6. Set an agenda for each session.
  7. Get to know each other personally. We all need emotional as well as intellectual support.

### OVERCOMING TEST ANXIETY

Test anxiety is just a habit—one you can change. Here's how:

- Prepare well in advance. Study regularly up to the day before the test, and get a good night's sleep. Last minute cramming doesn't work.
- Have an aggressive yet realistic attitude. Decide to show your instructor what you know. You take the test; don't let the test take you!
- Test yourself. Develop your own exams and take them. Try to simulate the actual length and time of test conditions.
- Be on time for the test.
- Give yourself time to get settled and prepare mentally.
- Don't talk to the other students before or after the test. You know what you know and you did the best you could. Leave it at that.
- Listen carefully to all verbal instructions.
- Read over the entire test before you begin and plan your approach. Make sure you know the point value of each question so you can divide up your time appropriately. Don't spend more time on a problem than it's worth!
- Ask the instructor if you aren't sure. Don't waste time trying to figure out an unclear instruction. Ask for help right away.
- Focus on the here and now – the test. Don't think about what you should have, could have or would have done. Just take the test.
- Jot down memory aids in the margins – these might include formulas, facts, key phrases or dates.
- Answer the easiest, shortest questions first. Go for the multiple choice, fill-in-the-blank and true/false questions first. A general rule of thumb is to trust your first instinct – it's usually the right answer.
- If you're stumped, go on to the next question. Come back to the hard one later. Then jot down anything you can think of to get yourself started. It'll come, just give it time.
- Be brief.
- Review, if there's time.

## ONE STUDENT'S INSPIRING STORY

### One Step Towards the Stars

Nothing will mean more to me than the day I stepped foot inside Eastern New Mexico University-Ruidoso campus. It was the day I registered for classes, and I felt a surge of power overwhelm me. I had the door to higher education open to me, and it felt unbelievable. I was one step toward the stars.

I was seven years old when my father told me that I could do what I chose with my life, he told me "Reach for the stars, one of them is bound to be for you". At seven I had no idea this was hypothetical so every day I dreamed of owning a star. As I got older I knew what my father meant and I discovered all the endless possibilities for the outcome of my life.

Instead of dreaming of owning a star I began to dream of owning a Masters Degree in Physical Therapy; that was my star.

I've had many obstacles come my way and higher education seemed to be out of the question for some time in my life. At the end of my first semester in high school I believed that my dream had come to a pause. With the economy at such crisis I felt that I needed to keep working to help my family withstand the tide.

Then my father changed my mentality. Our economic standing changed completely, once he decided to be an entrepreneur. He lifted our household up with the tips of his fingers and he gave me the opportunity to a higher education.

The day I stepped foot in side this college I knew that my life was going to see change. The first in my family to attend a higher education institution and I am more than proud of myself. I am content with who I am and the direction in which I've chosen to take.

Eastern New Mexico University-Ruidoso has given me the opportunity to be more than I had ever imagined. Now that I am here I will not give up, as I know that one of those stars is bound to be mine.

## STUDENT'S RIGHTS & RESPONSIBILITIES

Student's Rights and Responsibilities may serve as a policy statement for problems that develop between a staff member and a student. Usually a conflict is the result of a simple misunderstanding of what is expected from the other person. Direct communication between the student and the staff member will usually resolve these matters. The following regulations incorporate a definition of Student's Rights and Responsibilities and both formal and informal means of due process and conflict resolution.

### STUDENT'S RESPONSIBILITIES

1. Responsible for selecting a program of study that is consistent with his/her interests, skills and abilities.
2. Responsible for selecting courses that are consistent with his/her program objective and readiness levels.
3. Responsible for enrolling in a schedule of courses in accordance with the time and effort allocated to academic requirements.
4. Responsible for being punctual and attending classes.
5. Responsible for being attentive and for appropriately participating in class activities.
6. Responsible for completing all class assignments as directed by the instructor.
7. Responsible for consulting with the instructor as soon as possible if problems arise.
8. Responsible for complying with official announcements.
9. Responsible for seeking appropriate support services, to improve his/her level of academic achievement and to enhance the quality of college life.
10. Responsible for behaving in a humane, ethical and unbiased manner both in the classroom and in all communication and contact with the instructor, other staff members and other students.

### STUDENT'S RIGHTS

1. Right of access to scheduled class meetings and appropriate instructional and support services.
2. Right to a syllabus describing course objectives; evaluation procedures; major course requirements such as term papers, book reviews, field trips and reports; and rules of attendance, grading and conduct.
3. Right to have instruction that begins promptly; is presented in a clear

and concise manner; and provides relevant, structured activities consistent with the contact hour requirement of the course.

4. Right to be treated in a humane, ethical, fair and unbiased manner, both in the classroom and in all communication and contact with the instructor.

### APPEALING VIOLATIONS OF STUDENT'S RIGHTS

A substantial violation of a student's rights may be appealed in accordance with the following procedure:

1. The concerned student should request an individual conference with the faculty/staff member involved to clarify and remedy the specific violation. **Start where the problem originated.**
2. If the matter is not resolved, the student should submit an appeal in writing to the Student Services Director. When submitting a letter of appeal, students should begin by listing their concerns and justifications for the appeal. Letters of Appeal should be given to the Student Services Director. The Student Services Director will then forward the letter to the appropriate faculty/staff member for a response to the student's concern. If satisfaction is not received, the respondent's immediate supervisor will have an opportunity to resolve the concern.
3. **If the matter is a disciplinary problem and is not resolved to the satisfaction of both parties,** the student may submit a letter of appeal to the President. The President determines the final decision. The student may add information to their previously submitted appeal if desired, so that it identifies the rights allegedly violated, specific circumstances and evidence of violations.

### FAMILY RIGHTS AND PRIVACY ACT

The Family Rights and Privacy Act of 1974 (FERPA) gives students certain rights regarding their records:

1. To inspect eligible records in their files.
2. To petition to change their records upon proof of error.
3. To have their records remain private except for the following circumstances:
  - a) Institutional officers may access student records on a "need to know" basis;
  - b) Students may authorize release of any part of the eligible record;
  - c) Approved researchers may access student records provided the

- 
- data secured is not to be released in any identifiable way with specific students; and
- d) The following information has been designated as directory information and is subject to release to the public: Student's names, addresses, telephone listings, dates and places of birth, major field of study, classifications, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees, various honors and awards received and most recent, previous educational agency or institution attended by students; and
  - e) Government authorities providing aid or service to the students; and
  - f) Other educational institutions to which students have applied for admission. Academic disciplinary measures (probation, suspension, dismissal and similar matters) will be released to other institutions;
  - g) Government authorities operating under the Solomon Act;
  - h) When the student has completed a release of information form allowing another individual to obtain information concerning his/her records.
- 4. To withhold any directory information by completing the proper form.
  - 5. Requests for withholding directory information must be filed at Student Services for each enrollment period (fall, spring, interim, summer), within the first two weeks of the fall or spring semesters and the first week of an interim or summer session.
  - 6. **ENMU-Ruidoso** does not release records of other institutions: transcripts or test scores, etc.
  - 7. For the purpose of interpreting FERPA regulations, **ENMU-Ruidoso** defines "student" as any person who has been fully accepted to the University, has registered for classes and has made a payment commitment for that registration.

# ACADEMIC RULES AND REGULATIONS

## ACADEMIC STANDARDS

Academic standards are established to provide an orderly system to the college and to provide a framework of interaction among students, faculty and administration.

## ACADEMIC INTEGRITY

Students are responsible for achieving academic and course goals and objectives in an honest manner as prescribed by their instructors. Misrepresentation of knowledge can influence a course grade or determination of satisfactory fulfillment of an academic requirement. In addition, the following acts, or any other acts of academic dishonesty, compromise the integrity of the academic process and community and are subject to disciplinary action. For more information, see Penalties for Academic Dishonesty.

### *Plagiarism*

Plagiarism includes, but is not limited to, offering the work of another as one's own; offering the work of another without proper acknowledgment; and/or failing to give credit for quotations or essentially identical expressions of material taken from books, encyclopedias, magazines, reference works, term papers, reports or other writings of another individual.

### *Cheating Behavior*

Cheating behavior includes, but is not limited to,

- a) Dishonesty of any kind on examinations, quizzes, written assignments and projects;
- b) Unauthorized possession of examinations, quizzes or instructor records;
- c) Use of unauthorized notes or information during an examination, quiz or exercise;
- d) Obtaining information during an examination or assignment from another individual and/or assisting others in cheating;
- e) Alteration of grades on an examination, an assignment or records of an instructor or the college;
- f) Illegal entry or unauthorized presence in an office of the college or residence of an instructor, or unauthorized access to grade records or examination and assignment requirements; and
- g) Any act of fraud or misrepresentation.

## PENALTIES FOR ACADEMIC DISHONESTY

It is the responsibility of instructors to determine what constitutes academic dishonesty and identify its occurrence. **Although the following procedures represent potential penalties**

**for academic dishonesty, instructors have the responsibility to enforce policies distinct to their classes programs, and/or academic departments.** Students should refer to individual course syllabi for instructors' policies regarding Academic Dishonesty.

Any student aiding another student in academic dishonesty will be potentially subject to the following actions. Students who help other students cheat, plagiarize, or perform other acts of academic dishonesty are as responsible as the students who take and use the information. **Written records documenting academic dishonesty, provided by the instructor, will be added to the student's permanent file.**

**For an offense of academic dishonesty, one or all of the following actions may be taken:**

1. The student will receive zero credit for the assignment(s).
2. The student, if enrolled in an online course not already requiring monitored testing, will be required to complete assessments in a proctored environment approved by the instructor. It is the student's responsibility to find an eligible proctor.
3. The student will sign, and thereby agrees to, a written statement listing the consequences for further acts of academic dishonesty either in the current course or any other courses taken at **ENMU-Ruidoso**.\*  
*\*If a student is involved in a second act of academic dishonesty, determined by review of the student's Admissions and Records file by the Vice President of Student Learning, the case will be forwarded to the Academic Council. The Council will review the prior and current acts of academic dishonesty and assign appropriate penalties. Student appeals of the Academic Council ruling should be directed to the Vice President of Student Learning.*
4. The student will be removed from the course in which the infraction occurred and will receive a semester grade of F. **Note: Avoiding a grade of F through a withdrawal will not be allowed.**
5. The student will be administratively withdrawn from all coursework for the remainder of the semester except the course in which the infraction occurred where a grade of F will be assigned.\*

*\*The instructor reserves the right to have a student removed from his or her class; however, the power to remove a student from the University resides with the Vice President of Student Learning and the President. Therefore, a student must meet with these individuals if a faculty member requests that the student be suspended from the University.*

## **APPEALING ACADEMIC DISHONESTY PENALTIES**

The student may appeal any academic penalties to the Academic Council. The appeal should be in the form of a written letter stating the student's description of the events, his or her role and why the enforced penalties should be overturned.

The appeal letter must be turned into the Vice President of Student Learning within 5 school days when the academic penalties are applied. The Academic Council will assemble and provide a ruling within 12 working days of receiving the letter. To obtain a clear understanding and accurate ruling, the Council will request the faculty member's version of the events, in either written or verbal form, and may request to speak with the student in person. While the appeal process is taking place, the course instructor reserves the right to deny the student access to the class. However, if the academic penalties are overturned, the instructor must provide the student the opportunity to complete missed assignments.

Student appeals of the Academic Council rulings should be directed to the Vice President of Student Learning and the President of the college. **Please note: If a suspension from the University stands, the student must appeal again to the Academic Council to be readmitted prior to the start of the following term.**

### CREDIT HOURS AND COURSE LOAD

All courses are recorded in terms of academic credit hours. Generally, one credit hour of instruction is equivalent to one 50-minute class period per week for 16 weeks. Courses that include laboratory work may specify the number of lab hours that are required weekly. For self-paced courses or those that involve field experiences, credit hour value is not determined by the number of class meetings.

**Full-time Students** - Students who register for 12 or more credit hours per semester are considered full-time students. The normal semester load for full-time students is 12 to 18 credit hours; however, some programs require more.

**Part-time Students** - Students who register for fewer than 12 credit hours per semester are considered to be part-time students.

**Classification of Students** - Students who have earned fewer than 29 credit hours of satisfactory academic work are classified as freshman. Those who have accumulated 30 or more credit hours are classified as sophomores.

**Student Load** - A full-time course load is 12 through 18 credit hours during a regular semester and 6 through 10 during an eight week summer session. Students exceeding 18 hours in a regular semester or 10 hours in a summer session require approval by the Vice President for Student Learning. Note: For Financial aid 12 credits hours is considered full-time in the summer.

### CLASS ATTENDANCE

When students enroll in the college, it is assumed that the necessary arrangements have been made to attend classes faithfully. **Regular class attendance is important.** Students are responsible for material presented at each class meeting. Students in vocational programs are expected to view class attendance in the same way they would view attendance in a job situation. Vocational instructors are expected to be able to speak to a student's job habits as exhibited by job skills just as readily as the technical skills obtained.

### ***Attendance - Academic Programs***

Students are expected to attend all course sessions, to complete all course work and to arrange to make up work as specified in the course syllabus. When circumstances make attendance impossible, such absences should be reported to the instructor as soon as possible. The attendance policies for all programs will be included in the course syllabi.

### ***Attendance - Career and Technical Programs***

Because of the unique and special requirements of the career and technical programs, the attendance policies for the programs will be included in the course syllabi.

### ***Attendance - Web Programs***

Web courses require as much or more time as do onsite classes. Assignments are available the first day of class, and students may find themselves getting behind if they do not begin work the first week of classes. Names of students not logging in the first week of class will be submitted to the Early Alert system.

### ***State and Federal Regulations***

State and Federal regulations require that all faculty track student attendance. Students who stop attending class without following the proper withdrawal process and students who withdraw before the end of the semester may be required to return a portion of State and Federal financial aid funds received based on their last date of attendance.

### ***Veteran's Attendance Compliance***

Veteran Administration regulations require that all faculty track student attendance. Students who stop attending class without following the proper withdrawal process and students who withdraw before the end of the semester may be required to return a portion of their Veteran's benefits.

## **COURSE OR COLLEGE WITHDRAWAL**

Students may completely withdraw from the course or college at any time before the date established in the Academic Calendar as the last day to withdraw from the college.

When an officially enrolled student decides to cease attending any or all courses, the student is responsible for initiating withdrawal action through Student Services. Merely discontinuing class attendance does not constitute a drop or a withdrawal. To complete this process, the student must obtain a Withdrawal Notice Form from Student Services.

Students should complete the withdrawal process in person. However, if the student is unable to appear, he/she may submit a written request to Student Services. **Signed Fax request will be processed as a written request. Please fax your request to: 575-257-9409.** Such withdrawals will be effective as of the date the letter is postmarked. Telephone requests for withdrawal will not be accepted and a third party, other than a

designated official of the college, may not request a student's withdrawal without the expressed, written authorization of the student.

Students who are forced by emergency circumstances to leave the college without officially withdrawing should notify the Vice President of Student Learning in writing and request an administrative withdrawal.

### SEMESTER REFUND SCHEDULE

The refund schedule begins on the official first day of the semester, not on the initial class meeting. Tuition and student fees charged for more than 18 hours in a regular semester and more than 9 in a summer semester will not be refunded.

Refund schedule for fall and spring:

- 100% through day 6
- 90% through day 10
- 50% through day 15
- 25% through day 20

Refund schedule for summer:

- 0% through day 4
- 50% through day 12

Specific dates will be published each semester in the Academic Calendar. For courses shorter than a regular semester, the refund periods will be prorated accordingly.

### GRADE POINT AVERAGE - (GPA) COMPUTATION

The following illustration describes the computation used to arrive at the GPA under a 4 point system: "A" = 4 points per credit hour; "B" = 3 points; "C" = 2 points; "D" = 1 point; "F" = 0 points; "W" and "I" are not computed in a GPA.

**Example:**

<b>Courses</b>	<b>Grades</b>	<b>Semester Hours</b>	<b>Grade Points</b>
English 102	"C"	3	6
Accounting 201	"B"	4	12
CIS 293	"B"	1	3
History 102	"A"	3	12
Math 107	"F"	3	0
Psychology 101	"W"	0	0
<b>TOTAL</b>		<b>14</b>	<b>33</b>

Attempted 14 semester hours, earning 33 grade points. GPA is 2.35 (33 divided by 14).

## ACADEMIC STANDING

**Good standing** - Institutional GPA of 2.00 or greater.

**Probation** - Provisional enrollment during which time the student must maintain a GPA of 2.00 or higher.

**Suspension** - Not eligible to enroll in classes.

## PROBATION AND SUSPENSION

Students will be placed on probation or suspension based on the following table:

<b>Hours</b>	<b>Academic Standing</b>	
<b>0-16</b>	<b>Warning</b>	ENMU GPA is below 2.0 following first enrollment period (summer, fall or spring). Student is placed on academic warning
	<b>Probation</b>	New student admitted on academic warning who fails to raise the ENMU cumulative GPA to 2.0 and to earn a semester GPA of 2.0 is placed on probation
<b>17-29</b>	<b>Probation</b>	ENMU cumulative GPA is below 2.0; student's semester GPA is 2.0 or above. Student is on probation
	<b>Suspension</b>	Admitted on probation, the student's ENMU cumulative and semester GPAs are below 2.0 <b>or</b> ENMU GPA is below 2.0 after one semester on probation
<b>30+</b>	<b>Probation</b>	ENMU cumulative GPA is below 2.0; student's semester GPA is 2.0 or above
	<b>Suspension</b>	ENMU cumulative GPA is below 2.0; student's semester GPA is below 2.0 following one semester of academic probation

The first suspension will result in a suspension for one regular semester (fall or spring). A second academic suspension will result in a suspension of two regular semesters. Upon a third academic suspension, the student is permanently suspended from the college and is not allowed to re-enroll at ENMU-Ruidoso for a minimum of five years and with the Vice President of Student Learning approval.

Students who have completed the mandated suspension period must go to Student Services as the first step in the re-instatement process and are subject to any enrollment restrictions stipulated by that office. Students may be required to complete an Action Plan for Success. Students will write a reinstatement letter to the Student Services Coordinator. Students may be required to take a part time course load to prove the student is capable of successfully completing courses.

Students may petition for a waiver of the mandated suspension period based on extenuating circumstances. Such students must submit a written appeal to the vice president of the college. Student may be placed on a suspension waiver with specified conditions of enrollment. These conditions may include a required GPA, repeat of certain courses or other appropriate requirements. Failure to meet the conditions of the suspension may result in disenrollment, further suspension or denial of re-admission to the college.

## **CLEMENCY POLICY**

The **ENMU-Ruidoso** academic clemency policy allows qualified students to redeem their academic record.

### ***Philosophy***

Students who have attempted college work previously and were not successful in their effort and now wish to resume their college careers, but are held back by poor academic records, may, through the application of academic clemency, exclude from current work the poor academic record under certain conditions.

### ***Criteria***

To be considered for the program, a student must have last attended **ENMU-Ruidoso** five or more years ago, be readmitted through normal channels and complete at least 12 hours after returning with a GPA of at least 2.0 on those hours.

### ***Procedure***

Students who meet these criteria may apply for clemency by submitting a written request to the vice president of Student Learning. If approved courses taken prior to the student's return will be counted in the **ENMU-Ruidoso** GPA. Courses with a grade of "D" or better will be carried forward as earned credit only and can be used to meet degree requirements.

### ***Note:***

1. This policy pertains to the calculation of the GPA for progress toward degree completion and does not pertain to GPA calculated for professional certification and/or licensing.
2. Students can avail themselves of this policy only once and it is not reversible. Grades earned before clemency remain on the student's record and a statement at the time of clemency will explain the action taken.
3. The student who has already graduated may not apply for clemency.

## GRADUATION

All students expecting to complete any degree or certificate must file an application for graduation by the following deadlines:

- Fall Graduation – October 1
- Spring Graduation – April 10
- Summer Graduation – July 1

Students who file an application for graduation before the close of the semester preceding the expected completion date will be notified in writing of requirements needed to complete their program of study.

After all grades have been evaluated at the end of the semester the student wishes to graduate, diplomas will be ordered. Diplomas will be mailed to graduating students approximately 8-10 weeks after the end of the semester. Degrees will be posted at the same time diplomas are ordered. Students are encouraged to participate in Commencement ceremonies and have their names published in a newspaper, but must state so on their application for graduation.

**Note:** Participation in graduation ceremonies does not constitute meeting degree requirements. Completion of degree requirements will be verified once final semester grades have been posted.

The decision of the Vice President is presented to the President for a final decision. The provisions of this section do not apply to matters involving academic dishonesty (i.e. plagiarism, cheating, etc.). *ENMU-Ruidoso* handles allegations of academic dishonesty in accordance with the processes found under Academic Integrity.

## DRUG-FREE CAMPUS POLICY AND INFORMATION

*ENMU-Ruidoso* is a drug-free campus. Drug and alcohol abuse on campus poses a serious threat to the health and welfare of faculty, staff and students; impairs work and academic performance; jeopardizes the safety and well-being of other students and members of the general public; and conflicts with the responsibility of *ENMU-Ruidoso* to foster a healthy atmosphere for the pursuit of education and service.

The unlawful manufacture, distribution, dispensation, possession, or use of a controlled substance is prohibited on the premises of ENMU-*Ruidoso*, including, but not limited to its campus grounds, facilities, vehicles, or any activity held on campus premises. As a condition of enrollment, any student of ENMU-*Ruidoso* shall abide by the terms of the Drug-Free Campus Policy.

### **Legal Sanctions**

Legal sanctions will be in accordance with applicable state laws and local ordinances. Students and employees engaged in unlawful possession, distribution, or use of controlled substances may also be subject to expulsion or termination of employment and referral for prosecution for violations of the standards of conduct.

### **Drug-Free Schools Act 1990**

ENMU-*Ruidoso*, in compliance with the Drug Free Schools Act of 1990, has implemented a program to deter illicit possession, use or distribution of controlled substances.

ENMU-*Ruidoso* is committed to drug and alcohol education for students and staff and takes an active approach toward the health and safety of all members of the college community. ENMU-*Ruidoso* recognizes the institution's responsibility, but also holds the student and employee responsible for their own decisions/actions.

### **State and Federal Law**

The ENMU-*Ruidoso* policy is in keeping with the education mission of the institution and applicable state laws governing controlled substances. The policy applies to the illegal possession, distribution and abuse of alcohol as defined in New Mexico statutes by both students and employees. Federal regulations prohibit possession and distribution of alcohol and illegal drugs and provide for penalties of imprisonment and fines.

### **College Regulations**

No alcoholic beverages are allowed on any premises where college business is being conducted (i.e., public buildings, lounges, patios, foyers, arenas, parks, parking lots, etc). Violators of state statutes and/or college regulations governing the possession and/or consumption of alcohol or controlled substances shall be subject to sanctions as set forth by ENMU-*Ruidoso* policy. This is in addition to the regulations and/or penalties described in the N.M. state statutes.

ENMU-*Ruidoso* also requires each student, as a condition of enrollment, to abide by ENMU-*Ruidoso* Drug and Alcohol Policies. Those students who receive federal or state money under Financial Aid benefits must sign a certification of awareness of the college's Drug Free School policy and program.

### **SMOKE-FREE CAMPUS**

ENMU-*Ruidoso* is a tobacco-free institution; therefore, the use of any form of tobacco is prohibited in ENMU-*Ruidoso* buildings.

ENMU-*Ruidoso* policy and procedures is to provide a smoke-free and tobacco-free environment. The university policy related to smoking and the use of tobacco products is as follows:

- A. The university is dedicated to providing a safe, healthy and low risk working and learning environment for employees and students.
- B. The goal of a safe, healthy and low risk university environment can in part be achieved through elimination of smoking and the use of tobacco products on university property. This policy applies to cigarettes, cigars, pipes, smokeless tobacco, all other tobacco products, and other legal smoking preparations, including but, not limited to, hookahs, electronic cigarettes, clove cigarettes, clove cigarettes and other legal smoking preparations. Smoking and use of tobacco products is permitted only in a small number of designated outdoor areas.
- C. Smoke-free and tobacco-free regulations are promulgated under the New Mexico Clean Indoor Air Act, NMSA 1978, §§ 24-13-1 through 24-16-11 ( as amended 2007 by the Dee Johnson Clean Indoor Air Act) and Legislature of New Mexico Senate Memorial 63 (2013)

Violations by students are to be handled according to the college's policy on discipline.

### **AIDS/COMMUNICABLE DISEASES**

ENMU-*Ruidoso* recognizes that students or employees with communicable diseases, including AIDS, may wish to engage in as many of their normal pursuits as their condition and ability to perform their duties allows, including attending classes or working.

As long as these students or employees are able to meet acceptable performance standards and medical evidence indicates that their conditions are not a threat to themselves or others, the administration of the college should be sensitive to their condition and ensure that they are treated consistently and equally with other students and employees. At the same time, ENMU-*Ruidoso* has an obligation to provide a safe environment for all students and employees.

Students or employees with a communicable disease are required to report the condition to their supervisor or to the Vice President of Student Learning as appropriate. Failure to inform the college may result in dismissal of the students or employees from the college. Every precaution should be taken to ensure that a student or employee's condition does not present a health and/or safety threat to others.

The fact that students or employees have a communicable disease does not relieve them of the requirement to comply with performance standards as long as they enroll in classes or remain employed with the college. All efforts will be made to protect the student or employee's rights to confidentiality.

## STUDENT SEXUAL MISCONDUCT POLICY

The Eastern New Mexico University Board of Regents' policy applying to students and those who interact with students on either the ENMU-Ruidoso Campus or at ENMU-Ruidoso sponsored events, expressly prohibits sexual misconduct of any kind including that defined herein:

### ***Kinds of Misconduct:***

1. **Forced Sexual Conduct:** Any unwelcome contact of a sexual nature with another person, (including exposure, disrobing, telephone calls, etc.) that is accomplished toward another without his/her consent including any such act accomplished by means of actual or implied force, threat, coercion, or by taking advantage of a victim's helplessness.
2. **Forced Physical Sexual Contact:** Any unwelcome contact of a sexual nature with another person, (including touching, fondling, etc.) that is accomplished toward another without her/his consent and by means of actual or implied force, threat, coercion, or by taking advantage of a victim's helplessness. Using force or intimidation to make a person touch another's intimate parts shall also constitute sexual contact.
3. **Forced Sexual Penetration:** Intercourse (vaginal penetration), sodomy (anal penetration), oral copulation (oral-genital contact), or penetration with any object or body part, by the use of force, threats, coercion, or by taking advantage of a victim's helplessness.

### ***College and Criminal Code Action:***

A student charged with sexual misconduct, including acquaintance or date rape, can be prosecuted under New Mexico criminal statutes and disciplined under the college judicial processes. Even if the criminal justice authorities choose to prosecute, the college can pursue disciplinary action.

### ***Clarification of Circumstances of a Violation:***

A violation occurs when there is participation in any kind of sexual misconduct by a student individually or in concert with others. Since the college hopes to educate students in order to prevent violations, students should understand that:

1. Sexual misconduct as defined above is sexual misconduct whether the assailant is a stranger or an acquaintance of the victim.
2. Alcohol and/or drug use, intoxication, or any impairment of the accused, does not absolve responsibility for sexual misconduct.
3. In situations where the victim is incapable of giving consent, or is unable to resist sexual advances due to alcohol/drug use or other impairments, the accused may be held responsible for sexual misconduct.
4. Force and/or coercion is defined as:
  - a. The use of physical force or physical violence; or

- 
- b. The use of threats, including but not limited to physical threats, abduction, extortion or retaliation directed against the victim or another when the victim believes that there is an ability to execute such threats; or
  - c. The use of verbal comments or non-verbal behaviors and/or gestures to intimidate the victim or another when the victim believes that there is a present ability to execute such threats.
5. Threat is defined as an expression of intention to hurt, destroy, or punish the victim or another.

### **Reporting Misconduct and College Reaction**

Where there is cause to believe that the college policy prohibiting sexual misconduct has been violated, the college will initiate disciplinary review. The college is obligated to protect the rights of the accused as well as of the victim.

Reports of misconduct or alleged misconduct can be made to any college personnel. Individuals receiving such reports shall keep them confidential and immediately transmit them to the Vice President of Student Learning after ensuring that the affected individual has apparent health and counseling needs met.

For the college to take disciplinary action beyond warning, reports of misconduct must be in writing and signed by the complainant. The college will advise a complainant that it can keep the identity of a complainant confidential unless the college is compelled to go into a due process proceeding with the accused.

Accusations of sexual misconduct will be investigated by the Vice President of Student Learning according to campus policy and student discipline conduct procedures.

If information is available to indicate that the charge of sexual misconduct is proven, or if guilt is admitted, the penalty for such misconduct may include any disciplinary action such as probation, suspension, dismissal or expulsion and possible criminal charges.

### **STATEMENT ON SEXUAL HARASSMENT**

ENMU-*Ruidoso* strives to maintain an academic and working environment free from all forms of harassment and insist that all students be treated with dignity, respect and courtesy.

A comment of conduct of a sexual nature, where such behavior threatens or offends any student is unacceptable.

To help clarify what is unlawful sexual harassment the Federal Equal Employment Opportunity commission has issued guidelines on the subject. Those guidelines state that unwelcome sexual advances, request for sexual favors, and other verbal or physical conduct of

a sexual nature will constitute unlawful sexual harassment when:

- Submission to sexual conduct is an explicit or implicit term or condition of an individual's employment or classroom evaluation;
- Submission to or rejection of such conduct by an individual is used as basis for academic or employment decisions affecting such individual;
- When sexual advances, request for sexual favors, or other verbal or physical conduct of a sexual nature have the purpose or effect of unreasonably interfering with an individual's class performance or an individual's work performance or creates an intimidating, hostile, or offensive working or classroom environment.

ENMU-*Ruidoso* recognizes that employees and students of both sexes work together and communicate. Although there is no absolute definition of conduct that constitutes sexual harassment in every case, all ENMU-*Ruidoso* employees and students are asked to conduct themselves in accordance with the guidelines set forth above.

The college strongly disapproves of any form of sexual harassment at the workplace or in the classroom, including acts of non-employees. Disciplinary action will be taken promptly against any student, employee, supervisory or otherwise engaging in unlawful sexual harassment. The college will not tolerate any conduct, which fails to comply with the letter and spirit of these guidelines.

### **PROCEDURE FOR REPORTING INCIDENTS**

Reports of misconduct or alleged misconduct can be made to any college personnel. Individuals receiving such reports shall keep them confidential and immediately transmit them to the Vice President of Student Learning after ensuring that the affected individual has apparent health and counseling needs met.

### **AFFIRMATIVE ACTION AND EQUAL OPPORTUNITY, RESPONSIBILITY AND AUTHORITY**

ENMU-*Ruidoso* affirmative action program and equal employment opportunity effort is assigned to Human Resources. This individual will also serve as the Title IX Coordinator for this college. He/she will be responsible for monitoring and implementing these programs.

If you have a concern, grievance, or question concerning sexual harassment or any other part of Title IX, please contact the applicable department listed above.

All computer users have the responsibility to use the **ENMU-Ruidoso** computer systems in an effective, efficient, ethical and lawful manner.

The college has various specific rules, regulations, and procedures, which govern the use of computing equipment and facilities that are posted in the labs. Users shall cooperate with the operators, consultants and supervisors.

In accordance with established college practices, violations may result in disciplinary action, which could lead to expulsion, and/or legal action.

**ENMU-Ruidoso** reserves the right to limit a computer user's session if there are insufficient resources, or if the user is determined by appropriate authorities to be acting in an irresponsible or unlawful manner.

Students are encouraged to utilize Computer Services and other **ENMU-Ruidoso** consulting services; however, obtaining assistance in completing computer related academic assignments, when forbidden by an instructor, is prohibited.
